

OPEN DOOR POLICY

We value and pride ourselves on our partnership with families. We believe families are children's first teachers and therefore we embrace parents, guardians and family involvement within our Service.

Participation by parents, guardians and other family members, conveys a positive impression to children. Children feel supported and a sense of belonging and well-being is promoted.

We believe in offering an open-door policy welcoming family to visit the Service when it is convenient for them.

PURPOSE

To ensure the best care for children and families, we believe it is important to provide families with the opportunity to visit our facilities and participate in our program at a time that is convenient for them. We acknowledge that families provide a wealth of valuable information and understanding about their child and we foster strong, respectful partnerships between our staff and educators and families. We encourage families to join in on our learning activities and celebrate events and special days with us.

SCOPE

This policy applies to children, families, staff, educators, management, approved provider, nominated supervisor student, volunteers and visitors of the Service.

IMPLEMENTATION

We operate with an open-door policy, where families are welcome to visit our Service anytime during operating hours (provided the parent's entry would not pose a risk to the safety of children or staff of the Service, conflict with any duty of the provider, supervisor or educator under the Law or contravene a court order).

There are many opportunities for family involvement, and we communicate these through regular

newsletters, our family notice board, and our digital communication app- XPLORE

We recognise that time is valuable to all families, which is why we accommodate many forms of participation and contribution. Our Service is committed to creating and maintaining a child safe environment and embeds the National Principles for Child Safe Organisations – Child Safe Standards and implements child safe policies and procedures to ensure child safety is paramount.

“Children thrive when they, their families and their educators work together in partnership to support their learning, development and wellbeing.”
